

Cool Kitchen—Perfect Cooking

The housewife with years of experience—the woman who knows how to cook—finds, after practical tests and hard trials, the New Perfection Oil Cook-Stove is her idea of what a good cook-stove really ought to be.

She finds it requires less attention, costs less to operate, and cooks all food better than any other stove she has ever tried.

She finds the New Perfection oven bakes and roasts perfectly. The

New Perfection

WICK BLUE FLAME

Oil Cook-stove

has a Cabinet Top with a shelf for keeping plates and food hot. There are drop shelves for coffee pot or saucepan, and nickel-plated towel rack. It has long turquoise-blue enamel chimneys. The nickel finish, with the bright blue of the chimneys, makes the stove ornamental and attractive. Made with 1, 2 and 3 burners; the 2 and 3-burner stoves can be had with or without Cabinet.

CAUTIONARY NOTE: Be sure you get this stove—the name-plate reads "NEW PERFECTION." Every dealer everywhere; if not at yours, write for Descriptive Circular to the nearest agency of the

Standard Oil Company

Summer Prices

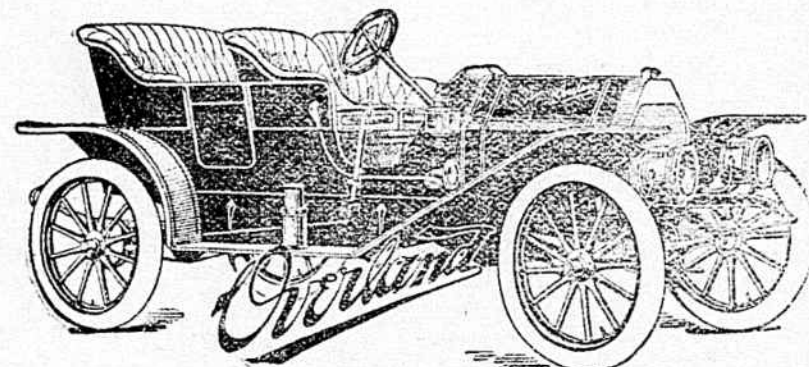

Anthracite Coal.

Our 1910 summer prices on Anthracite coal will become effective Monday, May 2nd, 1910. There has never been a time in the history of our business when we felt that we were able to give better values in Anthracite coal than we can this season, as we have completed our arrangements to secure our entire supply from two or three of the very best collieries in the Anthracite region, and will have a coal which is uniform in quality, well prepared, and coal that will give far better results than the average.

It is our desire to give our trade the best values that can be had, and we earnestly solicit the orders of our friends and customers.

W. A. SMOOT & CO., Inc.

Bell Telephone 19 & 57 Home Telephone 152 & 57 Order Office, No. 529 King street.

The Overland factory is at this time 3,000 cars behind on orders. It is not hot air and it is not advertising bluff when we say that the demand for the Overland is growing like a flood. These are actual facts and there is a reason. The very fact that Overlands are hard to get proves their value all the more, and they are well worth waiting for. Give us the "wink" and we will try to get one for you.

Alexandria Gazette.
WEDNESDAY EVENING, MAY 18, 1910

ADMITS HE SLEEPS IN SHOES.
"That man is so stingy, judge, and he hates to give money so badly that he puts it in his shoes and deeps in 'em for fear I'll get a cent or two," said Mrs. Mary McInerney to Magistrate O'Connor in New York yesterday.

She had had her husband, John, an ice-man, brought to court on a summons. She said she hadn't been able to get enough money from him to carry on the household.

"Huh! That ain't the reason I sleep with my shoes on, judge and she knows it, too," said John. "She is the most extravagant woman in the world. I make \$18 a week and I give it all to her, but she's continually hollering for more. The reason I go to bed with my shoes on—and my pants, too, most of the time—is because I'm afraid if I take 'em off she'll 'pow!' 'em."

"In the face of such contradictory evidence," said Magistrate O'Connor, "I don't see what I can do except to direct you to go home and try to make up your disagreements. You give her enough money for the house, and I would advise you to wear a different sort of night dress."

Chamberlain's Stomach and Liver Tablets will clear the stout stomach, sweeten the breath and create a healthy appetite. They promote the flow of gastric juice, thereby inducing good digestion. Sold by W. F. Craighead & Co. and Richard Gibson.

Horse Blows Up.
Bath, N. Y., May 17.—James Emerson, of Canisteo, drove his team here and one of the horses became ill. It was doped with soda and Emerson started home. Soon there was a noise like the blowing out of an automobile tire and the horse dropped dead. Examination showed that the stomach of the animal had burst. The theory is that the soda mixing with acids of the stomach, formed carbonic acid gas, the basis of soda water fiz, and the tank, not being copper lined, could not stand the strain.

The splendid work of Chamberlain's Stomach and Liver Tablets is daily coming to light. No such grand remedy for liver and bowel troubles was ever known before. Thousands bless them for curing constipation, sick headache, biliousness, indigestion and indigestion. Sold by W. F. Craighead & Co. and Richard Gibson.

A 155 Pound Tumor.
Williamsport, Pa., May 14.—When Mrs. Ellen Sanders, of New Columbia, Pa., was admitted to a private hospital she weighed 240 pounds. After an operation for a tumor, which was successfully removed, she weighs eighty-five pounds. In other words, the tumor and its fluids weighed 155 pounds. It is one of the largest growths of that character that ever came to the notice of medical men here. Mrs. Sanders stood the shock of removal satisfactorily, and is expected to recover her normal strength.

GOVERNMENTAL CANDIDATES.

There are many indications that Lieutenant-Governor Elyson may be a candidate for governor in the coming gubernatorial campaign, thereby adding to the complication surrounding the fight for this coveted office, which has already been entered by Henry C. Stuart, of Russell; H. St. George Tucker, of Lexington; Congressman Carter Glass, of Lynchburg; Roswell Page, of Hanover, and possibly others. In addition to holding the office of lieutenant-governor, Mr. Elyson has been chairman of his party for the past 20 years, is a member of the democratic national committee and has been an active and victorious leader in many a hard fought battle.

THE UNITED STATES NAVY.

The United States leads the world in the total displacement of completed warships with the single exception of Great Britain, but is behind in other classes in the number of such vessels. Adding to these completed warships the ships provided for but not completed, this government outranks all others except the British in the displacement but ranks only sixth in number. Reckoning the war vessels built and building the United States and Germany are running on equal terms, but the former leading in displacement when the ships provided for in the pending naval appropriation bill are added to the calculation. Great Britain, the United States and Germany remain the leading naval powers.
